ACCELERATED SUMMER TREATMENT PROGRAM

Have your student ready for the Fall school year.

Has your child struggled in the past with focus, concentration, homework and redirection?

Attention Learning Center Can Help

Attention Learning Center offers an accelerated summer treatment program for individuals with ADD, ADHD, Autism, Aspergers, Learning Disabilities, Anxiety, Depression and Concussion/Closed Head Injuries.

The purpose of this summer program is to accelerate the training process and complete NeuroFeedback Training before the beginning of the Fall Semester.

Training sessions can be scheduled up to seven times a week.

Appointments are on a first come, first-serve basis and may be booked in advance.
